Application for the position of Junior Frontend Developer (Remote Internship – IT)

Dear Sir,

With reference to your advertisement on linkedin, I am interested in applying for the position of Frontend Developer at your company and would like you to consider me for the role.

I have a background in front-end web developing and have experience of successfully designing a websites layout, E-Commerce site development, PSD to HTML using bootstrap etc. I have Sound knowledge on HTML5, CSS3, jquery and Bootstrap. I also have knowledge of Word press theme customization, Elementor kits, Basic JavaScript, Basic PHP etc. Furthermore, I am a quick learner, hard-working, ambitious person, motivated by goal achievements, having a multi-perspective approach towards asituation. Nothing provides me with more satisfaction that bringing contributionon the success of a project.

I would be grateful for the opportunity to demonstrate my capabilities further at an interview.

Thank you so much for your time and consideration.

Yours sincerely

Md. Sala Uddin
